

Kolkata Angikar is a 80G and 12A certified organization.

The journey of Kolkata Angikar started on 2010 with few people who wanted to do something for the society , wanted to stand with those people who genuinely need a helping hand to live in this beautiful world. Guys saved the money from their earnings and started this organization. Education is our main focus area. We are running 4 day cares for tribal kids in our states and panning to open couple of more on coming days. Kolkata Angikar have selected 10 financially backward students from Kumimari , remote area of Sundarban and admitted for 2 years ITI course of J C Bose ITI, Gurap. We have opened 4 day cares for tribal kids in Murshidabad and Bankura districts. We are also providing vocational training with ICICI foundation for financially backward people. Kolkata Angikar is a 80G and 12A certified organization. We are working on Caring Sundarban Project where we are taking care on overall development of Sunadarban Kids. As a phase one we are distributing nutrition food packets to kids from 6-14 years age group on various financially backward area of Sundarban including Kultuli, Hingulgunge, Gosaba , Kumirmari etc. Kolkata Angikar is also taking care of their education and job-oriented program for the students. During natural disaster period, we are arranging community kitchen for people of these areas. Special Day is another project where we are arranging special lunch for different homes, specially able kids, orphan , financially backward and tribal kids behalf of the people who want to celebrate their special days (birthday, marriage anniversary etc.) with them. Currently Kolkata Angikar is very active with New age Society for all, Baruipur a home for mentally disable orphans. We are closely working with the home super for rehabilitation project of these mentally retired kids. We are providing drawing teacher, started TT coaching centre as a part of their lifestyle development program. We are also working with their nutrition aspect and have started one day milk program where any people can donate one day milk expanse for these kids.

Tribal Kids Day Care

Kolkata Angikar is running 4 day cares for tribal kids, collaboration with MICA in Murshidabad and Education for All in Bankura districts of West Bengal. There are 150 students, age between 5 years to 11 years are studying in these day cares. These students are belongs to tribal groups of West Bengal. These day cares are totally free for this tribal and financially backward group. We want a group of educated kids who will reform their society, will be face of their society in future. Basically members of this tribal society used to work on the field and not able to provide good guidance to their kids. In fact, education or literacy is very rare in their society. They don't continue their education as well as their kids' education. We have taken the responsibilities of these kids to provide the education and develop a better society for them. Currently 50% of students are girls. We are also periodically doing different awareness program for these girl students.

Free ITI Education

Kolkata Angikar has started free ITI education program for financially backward students , collaboration with Ekaler Somsaptak and J C Bose ITI , Gurap. We are sponsoring the education cost of our selected students who are studying in J C Bose ITI. This institute has an excellent infrastructure for the students which includes modern technology based workshop, robotics and automation set up, excellent computer labs, experienced faculties and also the placement facilities for renowned organizations. Currently 10 financially backward and intelligent students from Sundarban, Midnapore areas are doing this course. This 2 years course containing different trades like fitter, surveyor, electricians etc which are very demanding on current market scenario. J C Bose ITI is also additionally providing vocational training for our selected students.

Special Day Celebration

Special Day is a very important project of Kolkata Angikar . People can celebrate their special day like marriage anniversary , kids birthday with special kids, tribal kids, Sundarban kids, street children, orphans and other financially or socially backward kids .We will arrange whole event within your budget. Basically we arrange within our associate homes or our own day cares.
